

## Terms of Use

This software is provided by Pega Analytics Ltd (“The Author”) “as is”.

The Author makes no representation or warranty, express or implied, including, but not limited to, warranties of merchantability, fitness for a particular purpose, non-infringement and title, with respect to the software.

The Author makes no representation or warranty that the software will operate error-free.

The Author will not be liable to you or any third party for any general, special, direct, indirect, consequential, incidental or other damages whatsoever arising out of or related to your use or inability to use the software, even if The Author has been advised of such damages.

*By the nature of accelerated stability studies, the models extrapolate beyond the range from which the data are collected. The models are not a replacement for ICH Stability.*

The software has been built as an add-in for use with JMP® software, produced by SAS Institute Inc. (SAS and all other SAS Institute Inc. product or service names are registered trademarks or trademarks of SAS Institute Inc. in the USA and other countries.

® indicates USA registration. Other brand and product names are registered trademarks or trademarks of their respective companies.)

Except as stated above, the add-in is governed by the same agreement that governs your usage of JMP software. If you do not have an existing agreement with SAS governing the use of JMP, you may not use this add-in.
